NEWS LETTER for DECEMBER 1<sup>st</sup> 2009 GENERAL MEETING

The November General meeting had to be postponed due to conflicts with scheduling for many of the officers so the December had meeting replaced it.

Members, Officers and Board of Directors, Sorry for the delay in reporting to the website our meeting agenda and discussion from the Dec. 1st Meeting which took place at the Holiday Inn in Concord NH at 700PM. Our meeting was attended by 5 members, 8 suppliers and a representative from the Groundwater Trust. We would like to see more members at the meeting as the new faces and input help us to keep discussions fresh and moving forward.

We would like to welcome back as a returning member Steve Schwed of Thunder Well & Pump. Thank you to him for his renewal to the association and attending this months meeting. We hope to see many more returning past members by the end of 2009.

The Secretary and Treasurers report were read and accepted by the members.

## **OLD NEWS:**

The website is now up and running and we have had several comments ranging from how it looks to how it operates. Most of the feedback has been positive with a couple of glitches in need of repairs. If you experience any problems while navigating the site please feel free to email myself or any of the officers from the contact page so we can direct the web page administrators to help correct the issues.

Also in the next couple of months we will begin only emailing to the members this news letter in an effort to reduce waste and expenses. If you would like to continue receiving the news letter (you can always visit the website for the latest news) please provide us with your correct email addresses and add us to your email settings so the letters will continue to reach you.

## **NEW NEWS:**

We would all like to thank Mr. Jeff Tasker of Taskers Well Co. for his service as the Chairman for the Water Well Board for the past 3 years. Although his term has expired he has remained in the position until the end of the year pending a replacement. If anyone is interested in the position you need to be a resident of NH, a licensed well driller and have 10 years experience.

Let's see one of our members step up, donate their time and help make a voice and a difference for our industry. Interested parties are encouraged to please contact Mr. Rick Schofield of the NH DES/Water Well Board with further questions about this elected position. Rick can be reached at (603) 271-1974

We would also like to thank Mr. Steve Guercia of Second Wind Water Systems for being elected to the NH DES Water Well Board as the public member. Steve has replaced Mr. Chris Covell when he resigned the position as he moved out of state.

We will be mailing 2010 Renewals forms and Annual Meeting reminders very shortly.

The Annual Meeting will be happening on Thursday January 28<sup>th</sup> 2010.

This year the meeting and dinner will return to;
